

Veterans Program

VA CONTRACTED SKILLED NURSING FACILITIES

iCare Health Network is pleased to share that two iCare skilled nursing facilities in the State of Connecticut are contracted with the Veteran's Administration to provide services. As proud VA providers these facilities are able to serve all veterans, including those using service-connected VA benefits for short term rehabilitation, long term care and many other skilled nursing services.

SILVER SPRINGS CARE CENTER (MERIDEN)

Silver Springs Care Center is a 159 bed skilled nursing facility located in the greater Meriden area. The facility is a prime location in the state of Connecticut, offering a central place in which families from many communities can visit their loved ones.

33 Roy Street Meriden, CT 06450
(203) 237-8457

TOUCHPOINTS AT MANCHESTER (MANCHESTER)

Touchpoints at Manchester is a 131 bed skilled nursing facility in Manchester, CT, conveniently located nine miles from Hartford off of I-384, nestled in a quiet suburban neighborhood.

333 Bidwell Street Manchester, CT 06040
(860) 533-3086

Both facilities hold weekly Veterans groups for residents who have served in the Armed Forces and the facility is continuously working within the community to increase socialization and quality of life for our veterans. Case Managers from the Veteran's Administration Hospital in West Haven visit and follow our residents to assist with appropriate services and day programming.

In addition, our programs collaborate and partner with veteran's organizations to provide our veteran residents with essential Hospice, palliative and respite care, conversation and listening, games and recreation, connecting with other veterans (including veterans from the same conflicts and theaters), pinning ceremonies, replacing lost medals and above all, grateful recognition.

ONGOING COORDINATION AND ASSISTANCE

Silver Springs Care Center and Touchpoints at Manchester assists veterans through:

- Specialized care and treatment for post traumatic stress as well as other clinical and supportive programming.
- Attention to the unique psychological and spiritual needs.
- Assistance with veteran benefits coordination and comprehension.
- Respect paid by staff in offering to use military rank and title if preferred.
- A special effort to hold events that recognize the service and sacrifice that veterans have made for our country on military-based holidays, but truly every day.

SERVICES AVAILABLE

- Short Term Rehab
- Long Term Care
- Secure Behavior Health Unit
- Substance Use Treatment through the iRecovery Program
- Memory Care (Silver Springs) through Greater Hartford Memory Care
- Specialty Services such as CHF, COPD care and more...

Touchpoints at Manchester and Silver Springs Care Center are iCare Health Network skilled nursing communities.
