

FRESH RIVER  
HEALTHCARE

## Parkinson Disease Program

Fresh River Healthcare and  
Dr. Joy deMarcaida  
of the  
Chase Family Movement  
Disorders Center Present

## Managing Off Times for Persons with Parkinson Disease

October 19<sup>th</sup> from Noon to 1:00PM  
Fresh River Healthcare  
96 Prospect Hill Road, East Windsor, CT

Dr. deMarcaida will bring her expertise, history and passion to share with all the opportunities to increase “on time” and decrease “off time”.

Open to patient and families, clinicians and medical providers, assisted living community staff and leadership, support groups, and other interested parties.

Space is limited. Kindly RSVP to Heather Bale at  
[hbale@freshriverhealthcare.com](mailto:hbale@freshriverhealthcare.com) by October 16th.

Fresh River offers a dedicated and comprehensive program to support patients with Parkinson Disease and is uniquely qualified, having assembled a multi-disciplinary team of clinical professionals. Needs are served in outpatient, short term and long term options.
