“The vaccine is not safe since it was rushed and developed quickly”

Vaccine safety protocols were not skipped in the approval process and the vaccine was tested on more than 43,000 people in trials

“I already had COVID so I don’t need to get a vaccine”

Early evidence suggests natural immunity from an infection is likely not to last long. The CDC recommends vaccination.

“There is a microchip or nano transducer in the vaccine ”

There is no vaccine microchip and the vaccine will not track people or gather data. This was a social media comment not a scientific truth.

“Vaccines were developed using fetal tissue, and will cause infertility”

Fetal cell cultures were not used in the production process of the vaccine.
No COVID-19 have been linked to infertility or miscarriage.
